Quarter 4 Theme: Haitian Cultural Month/ Story by G. Henriquez

1) Klima ak Tanperati Peyi D Ayiti

Haiti  se yon peyi twopikal . Li se youn nan peyi ki genyen plis mòn  nan lemonn. An Ayiti  fè cho  anpil. Mwa ki fè pi cho  yo se Jiyè ak Out. Sak fè Ayiti cho  konsa se paske tout mòn  yo bare labriz ki pou ta bay bon ti van  frè.

Moun ti rete nan tèt mòn  tankou Kenscoff, Laboul, Furcy jwenn bon ti frechè  pandan tout ane a. Yo toujou di nan peyi d Ayiti genyen de sezon: yon sezon lapli  ak yon sezon sèch . De Avril a Novanm lapli  tonbe anpil. De Desanm a Mas pa gen anpil lapli. Se sak fè nou ka di an Ayiti tanperati a cho  .

2) Poem by G. Henriquez

Manman, Mwen Renmen w

Manman mwen renmen w
Mwen renmen ou pou tout sa ou fè

Map ba ou yon ti bo
epi map kwoke w
Paske mwen renme w.

Ou banm manje

Ou montre m jwe
Jodia se fèt ou, se fèt dèmè

Map di ou souri
Paske mwen renmen w
